Revelt of the Natives Is Assuming Alarming Preportions.

rty of Whites Destroyed and Women and Children Killed.

PRETORIA. South African Republic, suming alarming proportions, and the

forts of the authorities of the Republic to suppress it have, so far, proved unavailing. The Transvaal mounted police tachment, which has been attempting to relieve the garrison of Agatha, be-sieged by the Kaffirs for some days past, has been repulsed with, it is feared, serieus loss.
Emboldened by their success, the Kaffirs pursued the retreating troopers and eventually made an attack upon the

main column of the Boer forces. The Kaffirs were driven back, but the advance of the column has been retarded From the Boer settlement along the Letats River, come reports of severe treating Boers and the Kafirs, who are burning the Boer homesteads all along the river. The Boers are fleeing before the Kaffir advance, taking with them all their portable property. Large quantities of provisions and cattle have essarily fallen into the hands of

the Kaffire The Kaffirs have murdered a number o Boer farmers and their wives and chil-dren, and the fiercest feelings of the Boers have been aroused against the ous natives. In the Zoutpansberg district devillah outrages have been committed, and large numbers of women and children have been killed, and large amount of property has been de

In all the disturbed districts the mail and passenger coaches have been stopped, many of the passengers have n killed, and the coaches, after hav ing been looted, have been destroyed an the mules stolen. The Murchison road is entirely closed. The Kaffirs are reported to have erected a strong barricade across it at a point where it passes between two hills, and they are said to have prepared to defend this point

The Government is reinforcing its col umn of troops as rapidly as possible, and it is expected that an advance in force will be made upon the Kaffirs to-day or

### Infernal Machines Found.

(By Associated Press.) DERLIN, Aug. 17 .- The Lokalanzeige asserts that infernal machines were discovered in the domiciles of many Anarchists who have been arrested in this recently. The police believe that this indicates that a series of outrages, to be perpetrated simultaneously, was

Enlarged from Photographs, Tintypes, Daguerreotypes, &c., by slipping a COUPON from To-Morrow's EVENING WORLD and presenting same at

Portrait and Photographic Studio,

17 UNION SQUARE (Near Tiffany's),

COR. 18TH ST. AND BROADWAY.

These coupons have enabled thousands of persons to procure elegant Crayon Portraits at the exceptionally low price of 99 CENTS, the regular price being \$6.00. A guarantee of likeness, &c., is the unbounded success the State between the Stat

A guarantee of likeness, &c., is the unbounded success the Studio has met with.

A good many persons, however, not having a photograph, or preferring a Crayon Portrait from a recent one, it has been suggested to the above,Studio to devise a medium, thus enabling all such subscribers to utilize the Coupon. Out-of-town coupon holders can send their photos by mail. Full details will be published in

TO-MORROW'S EVENING WORLD

Louis Globe-Democrat.

The common scales employed by the chemist in his ordinary work appear delicate enough to the unskilled observer, to whom the difference of an ounce or so would be of no sonsequence at all, for these marvellous little balances will turn with such nicety as to mark a difference of one-tenth of a milligrams to make to ne grain, and as a grain of most substances can be taken up on the point of a penknife, almost any one will concede that a scale which will make note of so small a quantity of matter and be a very delicate instrument, indeed.

But this delicacy is a trifle when com-

SCALES USED BY CHEMISTS.

Will Mark a Difference of One-hundredth of a Milligram.

The dainty little scales employed by the prescription clerk seem wonderful enough, determining, as they do, to the fraction of a grain, the quantity of the substance placed upon them, but in comparison with balances employed in the more delicate operations of the chemist, they are rough and coarse, says the St. Louis Globe-Democrat.

The common scales employed by the chemist in his ordinary work appear delicate enough to the medition possessed by the finest quality of chemical balances.

If such a test were applied to one of
